Ministry of Humanitarian Affairs and Disaster Management
Puntland Emergency Operations Center (PEOC)

Weekly Situation Report

Reporting Period: 1 – 7 September 2026
Date: 7 September 2026

Summary

Three active emergencies were tracked this week: a drought emergency in Mudug, flash-flood recovery in Sool, and an ongoing displacement response in Nugaal.

Regional Highlights

Bari region remained in a monitoring posture ahead of seasonal cyclone risk. Sanaag reported deteriorating drought indicators, prompting an early warning advisory.

Humanitarian Assistance

Food, water and non-food item distributions reached an estimated 42,500 people across affected districts this week.

Coordination

PEOC held two inter-agency coordination meetings with UN agencies and NGO partners to align response priorities.
